

Lecture given at the

WCS Workshop on Land Change Modeling for REDD

October 25– 29, 2010

Wildlife Conservation Society - Bronx Zoo
Bronx, New York, USA

Hosted by

Clark Labs and the Wildlife Conservation Society

This workshop was generously supported by the American people through the United States Agency for International Development (USAID), under the terms of the TransLinks Cooperative Agreement No.EPP-A-00-06-00014-00 to the Wildlife Conservation Society (WCS). TransLinks is a partnership of WCS, The Earth Institute, Enterprise Works/VITA, Forest Trends and the Land Tenure Center. The contents are the responsibility of the authors and do not necessarily reflect the views of USAID or the United States government.

Land Change Modeling Workshop

Welcome to WCS NY

Introductions

- Name
- Program
- Current project

Thanks

- Stefano Crema/Clark Labs
- Marisa
- Karl
- Krizia
- Todd Olsen
- Challenges Program

Logistics

- Be here by 8:30 for 9am start
- Breakfast and lunch here every day
- Agenda
- Lunchtime talks Tuesday, Wednesday and Thursday
- Hands on
- Homework
- Data

Course Goals

- Introduce you to methods of land change modeling for a REDD project
- Train you on using the Land Change Modeler (LCM) tool in IDRISI
- Provide you with the tools to work on a land change project
- Course will not:
 - Provide every detail about putting together a PDD
 - Explain different “methodologies” in detail

Course Agenda

- Focus on hands-on
- Existing data and your own data
- Pace defined by progress
- Flexible
- Review main topics for each day
